

BUCKLANDS BEACH PRIMARY SCHOOL

Monday 16 May 2011

Dear Parents

Incredible Years Parenting Course

We are offering a highly recommended parenting course, which will be based at B.B.P.S. if there is sufficient interest. "The Incredible Years" is a 14 week free course run by the Ministry of Education and led by experts in their field. Parents meet each week for approximately 2 hour sessions. The course has a positive, preventative approach to dealing with the challenges of parenting, and is recommended for all parents! In the past the course targeted parents of children aged 3 – 8, however this has now been extended to include all primary school aged children. Teachers from B.B.P.S. who have attended "The Incredible Years" for teachers have found it very useful.

Please find attached an enrolment form asking for expressions of interest. Would you please return completed forms to Carole Crompton or the office.

Thank you

Carole Crompton
