

SHOPPING THAT MAKES A DIFFERENCE

THE NEW SCHOOL FUNDRAISING INITIATIVE

SHOP AND SUPPORT SCHOOLS

To Bucklands Beach, Pigeon Mountain, and Cockle Bay Primary School families,

We are pleased to announce that you have a new opportunity in front of you. One that could see more outdated methods of fundraising for your children's school activities disappear - all while teaching them skills online.

We are trialing a new Shop and Support Schools Fundraising Initiative, where every day individuals can shop for high-quality and useful products online, and in the same click, raise funds for their supported schools.

This is a no-risk, win-win situation for school communities!

Your schools have been selected to begin our trial, and we would really appreciate your support and feedback, so please join our Facebook or Instagram communities for updates - and the official countdown to our website launch!

Many thanks in advance,
Marlene Jackson and the SASS Team!
